My hotel lobby has had three very glowy plainclothes of some kind watching the Oathkeepers in the bar, and taking pics of anyone coming into the hotel. Lots of important Trump supporters staying here, and they are being WATCHED CLOSELY.

They have guns though and as we've already seen, they aren't afraid to use them.

I can imagine a Kent State 2.0 scenario.

Even so, it's either (potential) death or tyranny. Honestly, I'd prefer death.

It'd be a shame if someone accidentally spilled some Chlorine and Bleach in the Lobby. Damn Shame

If they don't have a warrant, you still don't have to do shit, right?

It's not the same as sitting in your hotel doing nothing.
